“For my first conference, WOHESC raised my expectations for what is expected from a student in a professional environment. Participating in the Sustainability Action Challenge, showed that we can take a larger part in conferences and allowed us to apply what we have previously learned as well as information we learned at the conference. I would 1000% recommend everyone to go to WOHESC!”

I returned to my university with a new perspective, ideas for improvements, and a renewed sense of love for the work I’m doing. All of the people I met at WOHESC were wonderful and I’m thankful I was able to attend.”
